QUANTUM FAITH

Annette Capps:

Several years ago, my father gave a prophecy that said in effect, Some things which have required faith to believe will no longer require faith, for it will be proven to be scientific fact.

GWB:

"When I return, will I find faith?"

This is what the Evangelical Church is buying today.

Here is Annette Capps site:

Sorry but I don't know very much about quantum physics...I'd guess Annette Capps was referring to, in the title of her book, 'Quantum Faith', the definition of quantum, "as a sudden large increase or advance" (Oxford American Desk Dictionary). So maybe she was speaking of or 'teaching' (after all she is an ordained minister) on how to get a sudden large increase of faith.

It's possible that she selected the word quantum hoping that it would draw attention, after all, it is mentioned a lot in the new age, Queen Oprah circles. 'The Secret' or 'Law of Attraction' guru's use quantum physics mumbo jumbo to enlighten their followers to 'the secret' that unlocks all the mysteries of the universe, allowing them to become wise, rich, and powerful....Really! It says it on the CD's...

In addition to all that Charles Capps is JDS. So I assume his daughter is as well.

I don't know if she is or not,JDS(Charles Capps is a teacher of the JDS heresy) but they say the Kumquat doesn't fall far from the tree. Of course based on the wisdom of quantum physics, the tree isn't really there until you observe it as such, so therefore the kumquat doesn't exist...couldn't resist.

There is some video on YouTube where Charles and Annette discuss their beliefs on quantum faith and other topics. Also one can find on YouTube excerpts of the teachings on 'The Law of Attraction' and 'The Secret' and what role quantum physics plays in all this newly discovered man-made wisdom. Just be sure to be careful and discerning...

there is a lot of teaching in Colosians on Gnosticism. there is a revival of this in circles in rebellion against the truth.

it is a easy discernment that when people bark like dogs and cluck like chickens in their meetings, they are up to mischief by spirits dwelling within them.

the scriptures speak of those having itching ears to hear and tell some new thing. it is a priceless treasure to have discernment to know the word of God and it's simplicity.

I thought Hagee would lose his popularity when he wrote a book saying Jesus isn't the Messiah. That's no different than if you see crowds of people and there are magic entertainment the people are extremely excited. People who have the most positive rebellion really draw crowds. one in a million know that the multitude will follow the evil.

Many times have heard that the devil sits back and laughs. Keep seeing the verse in Psalms 2;4 that he that sitteth in the heavens shall laugh. This is a time when great delusion is being poured

out. Praise God for his wisdom and mercy.

Could you expand on that for us a bit.

I've never heard that. It doesn't surprise me though. Most of the church has more of a problem with the JDS teachers going too far with the prosperity message than they do with them teaching Jesus became a sinner. I guess I should add that as far as I know Hagee doesn't teach JDS.

Not to try answering for Dave, but the book he's referring to(I think) is 'In Defense of Israel' by John Hagee,

in which he claims that Jesus did not come to earth to be Messiah.

I haven't read it but you can get info on it by googling Hagee...there's even a short 1 minute video highlighting the book.

I don't personally recommend reading the book. it is a large time wasting book that is expensive. You may want to browse for it in the library for free. that is if you are error conscience and get under the blood. that is so not to pick up deceiving spirits that may have other things in secret to do against you.

a example would be frustration or upset because of the foolish things people do. we are important lights and all our shining even if it's small in detail, count when it comes to eternity.

all works of darkness shall perish. the teaching is in the book to say Jesus is not the Messiah. it is advertised as a great biblical find. to tell some new thing that nobody knows. Hagee has nothing to lose by those who are not earnestly contending for the faith. They are curiosity seekers and sign seekers also.

the main misunderstanding is that Messiah only means anointed one. remember anti-Christ is not anointed. that only comes by the Holy Spirit. it is referred also to oil. there are many fine line texts that don't say specific words. including what was translated to English from Hebrew.

Hagee is basically using a fine print word usage to say the bible doesn't really say that (game). it is also difficult to show people the error of J.D.S. they are wrestling the scriptures to their own destruction. if you could go beyond the thing they have heard that they hold fast to. which is a strong delusion, they would allow you to comment.

it is equally difficult to convince the people that there is the baptism in the Holy Spirit for today. the word of God is clear that it is for today , but they wrestle with the scriptures with a mis-interpretation of the scriptures because of their traditional teachers.

Most see that J.Ws are bringing forcibly their doctrine. when you have discernment, you see more. that is that spirits of deception are trying to force their way in your mind to get you to make a decision to accept what they are telling you. the Holy Spirit does that as a gentleman. he doesn't force you but tries to convince you of the truth and gospel. the choice is yours if you are in the general call of the gospel. if you are the elect, he has been working all along to get you to the place where grace brings you in.

would add that preservation is included in discernment for the Holy Spirit quickens past teaching to your mind to show you, first of all by a check in your spirit. then bring to your remembrance the things he has taught you. it is really not man who taught you if you were in assemblies of the truth. they were anointed and trained by God as vessels to teach you as led by the Holy Spirit. many times in a faithful body the word most important at that time was confirmed by gifts or abilities that God gave the members.

those who sit under T.V. evangelists most likely didn't have good sound teaching which the Holy Spirit gave them.

Babylon doesn't just arise with confusion in churches, but on T.V. also. example if I carry a hose with water to put out a fire could say I'm a fireman. many who say they can preach do not have proper prior teaching of sound doctrine to be able to teach the whole council faithfully.

explaining away error-- example I call myself a fireman though am not , and in a house on fire don't know how to get a victim out of the house-- they die. it can be detrimental to lives to teach error. no one will admit they don't have proper training.

that is why all must be trained by a perfect God who will tell them when they are ready to teach or preach.

not to confuse mistakes with error. people can make mistakes, but a well trained person won't bring forth error. it is important for a continual fellowship with God to be in a position to be told-- don't teach that today it is not correct.

sometimes we are not hearing correctly. those who teach error say they hear from God and their source is of him. the question is are they willing to answer to God for their mistakes. that is a big detourant from loose atitudes without huimble conviction that --I have to answer to God for all I say and do. scripture says every one must give account for the things they do Rom. 14:12

am feeling conviction right now. to explain. am not in trouble but feel God in my heart saying that all of us ,me included must be careful to be accountable.

that is a blessing not a problem. I appreciate God doing that in my heart, it is humbling and I like that feeling of personal care to keep me right. Hope that my experience here is understood and a blessing.

Regarding Hagee, it is great to be a supporter of Israel. It is an entirely different thing to lead those very same people away from the pure and spotless sacrifice which was the basis of the sacrificial system (JDS).

He also believes that Israel is saved "by faith through the Law."

So...if Hagee is right, why do the Jewish people (Israel) "weep in the streets for a week knowing Whom they have pierced" in Revelation?

I too, Bro. Dave, am thankful for the teachings we were given. I believe we have yet to see how He is going to use those who sat under the teachings. I think it is vital to be reviewing and to be ready for what He is doing in this hour.
