I think in the not too distant future water will be in very short supply around the world. I ran across this verse in my bible reading and thought I would pass it on. It would be one to keep in mind for the future.

Isaiah 41/17&18

When the poor and needy seek water, and there is none, and their tongue faileth for thirst, I the LORD will hear them, I the God of Israel will not forsake them.

I will open rivers in high places, and fountains in the midst of the valleys: I will make the wilderness a pool of water, and the dry land springs of water.
