In the book of Revelations we have two scriptures. Rev.9:14 and 16:12. The video shows the river is drying and they hear the evil angels screaming. (you tube) Some say this is fake and made up. In my opinion, The picture that stands out is like a parable-- a important truth. It drives me to sober thinking. I want to be ready for Jesus to take me home instead of missing the mark and not sharing Jesus with the world who face a never ending eternity.

I have pity for those who are forced to believe in their parents false religions and pray God will save them Amen?.
