I know quite a few people in the Messianic Judaism movement. I believe that people need to be very, very careful concerning legalism towards the Sabbath and when celebrating the Feasts.

We are free in Jesus.

â€œThe law is a means of education pointing to Christ. It is not a means of salvation, which is only by faith.â€• (Dr. Freeman, Seventh Day Adventist tape)

There is deception that is being propagated within the Messianic Judaism movement. I am not saying that the entire movement is â€œoffâ€• or wrong. I have, personally, learned much from studying the Feasts. However, in observing some within the movement, there are seven areas of deception that are prevalent.

1. Legalism concerning the Sabbath.
2. The problem of Law and Grace
3. Herbert W. Armstrong and the World Wide Church of God
4. Anglo-Israelism (The 10 Lost Tribes of Israel Error)
5. Seventh Day Adventism
6. Denies the Personality of the Holy Spirit
7. The Names of God Errors

Lew White is a false teacher who is propagating this deception in my area (Kentuckiana). His books are published by Ambassador College which is Herbert W. Armstrong's publishing company. He also owns and operates Electric LadyLand. It is a headshop on Bardstown Road in Louisville. Hmmm....sure wish someone would take this one on from the Ethics series.

I have also called Jewish Voice Ministries, who I support. They knew of him and agreed with me.

It took some time, but I believe I have pin pointed much of his deception in the following outlines within this topic.

I do not feel that my outlines replace listening to the teachings for yourself. I, definately, need help in learning how to outline the teachings. With this being said, any and all help will be cheerfully received!

Dr. Freeman believed that his books and teachings would be used in the end-times. I believe this is happening as we see doctrines of demons flying around everywhere. I also believe that OO is

being used as well.
