When they talk through the people, the Holy Spirit didn't give you discernment for your disadvantage. The problem is you needed to know what to do with it. Most will just be tempted to be upset by it. Your shield of faith is to quench the fire dart.

Each lesson is training ground to be in the end time army. Walk in the Spirit and he will teach you as you grow. remember confess the blood over you every day. also If nothing else love your enemies.
