This was found by my observation.

A. There are two types of Christians in China.

1. True persecuted Christians. They are forbidden the bible, and meeting together. They are sent to prison and also physically mistreated. They have to meet secretly and they pay the price of being loyal to Jesus. I pray grace on them and thank God for their prayers which they offer up in faith for the world.

2. Catholics who claim to be Christians. Here is the secret. They meet openly in their gaudy buildings of wealth and idolatry. They talk their religion openly and publicly. They keep the book that they carry. They are encouraged to display their religion.

So what is the mistake? There it is-- all the proof that there can be. it is obvious. One of the groups is a imposter. The world will accept their own. But it is bigger than that. Isn't this a good reason to make sure the body of Christ keeps itself free from imposters of any kind. No they say we believe in love everybody. we don't need doctrine just worship(entertainment) and a watered down gospel. (God doesn't judge sin)-- they say. It is very difficult to find a true deliverance ministry as many need help. Yet a false one can easily rise up and take your money to.

The acceptance of one and not the other proves one is false--with the same name.
