Our virus protection on the computer is working daily. Did you know that the computer is all about words. silly I know. When the word of God(the light) goes in it destroys the power of the dark words. The word of God is the superior anti-virus. The word of faith read about in the gospels was based on words. healed according to thy word. faith in words shows that it pays to be confessing words of light to bring Christ life in us. just the promises of God alone bring life. I am healed by the wounds of Jesus Isa. 53:5. Baby food for some, but it is up to us who know this to share it with others. We can examine to see if we are doing this. We preach healing but we also receive healing ourselves.
