The world calls the Super Powers `the Big 4,` & the `Quartet of Power.` One of these is the UN which is actually controlled by the other three. Now the other three Super Powers that we recognize in the world today each have a recognizable accepted emblem which I will include alongside them. Together they are forming a Global Government.
This has great Biblical significance, I believe.

FORMATION

Pre- 1900`s The British Empire (Lion) & America (Eagle) which came from that power. These, although separate continue to work together & are seen as one Power Bloc. The British Empire eventually became the Commonwealth of Nations.

Post 1914 â€“ 17 W.W.1 The Soviet Union (Bear) which eventually became Russia & the Commonwealth of Independent States. They hold the same philosophy & military ambitions as they did in the Communist Bloc.

Post 1939 â€“ 45 W.W.2 The European Common Market (Leopard) which eventually developed into the European Union with its own currency & central Government.

1975/6 The G7 was formed. Comprises mainly of Britain, (Lion) USA, (Eagle) & EU, (Leopard) then Russia (Bear) was included in 1998 & suspended in 2014. These are the leading industrialized countries of the world & come together in yearly summits. (Political gathering)

2007/8 The G 20 Major Economies was formed in response to the Global Financial Crisis. This group brings together the world`s major players, Politically & Economically.
And the controlling powers are 1. UK & USA (Lion & Eagle) 2. EU. (Leopard) 3. Russia. (Bear)
The core of the G 20 is the G 7.

These powers have sought to build a Global Architecture for a Global Government. They are

empowering their institutions (IMF, World Bank, FSB etc) & it is just a matter of time for their philosophy, policies, rules & regulations to bring all other institutions under their authority.

FUTURE PROJECTION

2015 ->

- Continuation of UK (Lion) & USA (Eagle) as the mouthpiece, voice of the Global Government.

- Rise of EU (Leopard) with its `common market policy` to effect & become stronger throughout the world. Many countries (USA included) are forging close treaties with the EU. This economic `body` will cause prices to escalate till inflation is so bad that a day`s pay doesn`t even cover costs.

- And Russia (Bear) we know it`s `feet,` are preparing for war, with the greatest military rearmament for many years. The events in the Ukraine, is just the `Bear` flexing it`s muscles.

The person in the street would recognize those power blocs, Super Powers & their emblems yet many Christians are still looking for `historical powers to emerge.` To me God`s word is very clear, & contemporary history reveals that this Global Government which God declared, is now forming.

What about the sleeping giant called "China".

China has nuclear weapons plus a million man army, so I would think they would at least be considered as a super power.

Gary

Hi Gary,

Yes, China. Glad you pointed that out. Here are some comments from `Wikipedia,` which is of course just others thoughts -

Emerging superpower status

China is regularly hailed as a potential new superpower, with certain commentators citing its rapid economic progress, growing military might, very large population, and increasing international influence as signs that it will play a prominent global role in the 21st century. Others, however, warn that economic bubbles and demographic imbalances could slow or even halt China's growth as the century progresses. Some authors also question the definition of "superpower", arguing that China's large economy alone would not qualify it as a superpower, and noting that it lacks the military and cultural influence of the United States.

Regards, Marilyn.

Hi Marilyn,

I guess if I had a personal definition of a "superpower", it would be any nation that had nuclear bombs.

Gary

Hi Gary,

Good thought there & I would also include - who is aligned with whom. No good just having nuclear weapons if there are more against you.

Marilyn.

Marilyn.

A few nukes would certainly make people think before rushing into something. If you notice the passages about the battle of Armageddon it sure sounds like a nuclear weapon being used as it states their eyes will melt in their sockets.

Of course I realize the Lord does not need man's little toys to deal with a situation.

Gary
