God will many a time hide things in his word that you just won't be able to find. One reason is because it isn't wise or safe for you to know. Our father is supreme in wisdom. It is in a personal relationship with trust that God opens eyes to see great light. If you can understand what the pearl of great price is you will have no problem selling all to get it. Until it stays blurry and not valuable. Jesus caused jaws to drop in the gospels. The Holy Spirit wants to do that through us. We will be like Jesus and people will want what we have. Heresy and error come from the frauds, but life and truth come from those walking in preparation unto fullness.

example{ to know what 666 is you have to know --here is wisdom. When you learn what it is you then can see why it is secret.

The revealing of the 2 witnesses in Rev. 11: is secret and there is a reason for that. Big time secret. Without Holy Spirit you will never know.

The woman in Rev. 12 is secret. though easier to find, one must know other things first. God will reveal to mature audiences, and remember there is a price. Don't fear the devil, just stay in the word and love it more than your very self.
