Just one example of liking it.

Look how it starts with your Doctor. (not the book but this)

Y. yielded-- waiting on the Holy Spirit.

E. empty-- more of Jesus and less of me.

D. dying-- self is always in the way unless we crucify the flesh.

O. overcoming-- enduring the troubles (trials of faith) and trusting God.

C. commitment-- God first. as disciples of Christ we grow daily and are made conformable to his image. no giving up but pressing for the prize ahead --eternity.

The book is a spiritual manual to be attained to. it is not a holier than thou issue. it is not for the elite(proud) but for the humble. servants of one God and master. God help us daily to be pleasing to you as we love you only. I feel like worshipping now.
