Zech. 12 says God is going to make Jerusalem (and by extension Israel) a heavy stone around the necks of the world. And is that ever happening.

I get a few substack newsletters. A couple I pay for and some I just take the free stuff. This one is by an Israeli who is extremely knowledgeable. Its also free.

I found his latest note as well as the one further down on "Will America Ever Learn" both highly interesting. If you're interested in keeping up I highly recommend this one.
