Interesting comment here. Former newspaper reporter I've been reading for the last 40 yrs. He's a heathen so don't expect much. He comments on money and (mostly) stuff about Canada. I know the Canada thing will grab everyone's attention. He just made an interesting comment so I thought I'd grab the opportunity while there is a moments silence in here to post it.

TNL@TB is . . . the nice lady at the bank

FINTRAC is a Can. government agency

Here is his post

I'd like to have a spot to throw up random interesting stuff I find (or others find) on the internet so I changed the name on this thread.

I ran across this about crucifixion on the Times of Israel site. It must have been very painful. Gives me the shivers just reading about it.
