Praise Report.....

Praise the Name of Jesus our Lord & Healer.....

On July 3, 2007 Our daughter, Sarah & 7 yr old grand daughter Diamond were involved in a terrible car accident. The car they were in was broadsided by a large van....Diamond took the full impact of the crash, trapped and crushed in the twisted wreckage for almost an hour.....Sarah was cut & bruised and had a cracked pelvis, other wise ok. But Diamond, (according to there report) was not well.

When we arrived at the hospital the chaplain was called to talk to us before they would tell us anything about Diamonds condition.

They said: She was in a deep coma, She had brain damage & paralysis. If she lived ??? She wouldn't be able to talk or walk again.....

That's IF she lives. The chaplain wanted to give her Last Rites, I told her that we wouldn't be needing her services for that !

A couple of days later the hospital requested that another chaplain come & give Last Rites for Diamond.....Well, I ran him off too.

I told him That Diamond was healed and would be going home soon! Well, that didn't give me any favors from the nursing staff.

Ya see, we had already laid hands on her for healing.....It was finished....the prayer of faith WILL heal the

Isa 53: Whos report will you believe ? The Hospitals ? or Gods ?

I took Gods report to be true:

54 days after the wreck Diamond was seated next to us for Praise & Worship at our local assembly.

On October 1, 2007 Diamond returned to school.

Sarah returned to work within 3 weeks : They told her it would be 6 months before she could do that ????

Whos report did she believe ?

Thanks be to Jesus ! AMEN !
