All,

As I continue to go through the Biblical Theology teachings to hear for myself exactly what Dr. Freeman did or didn't say, he seems to reference one of two different heretical groups in most of the sermons. One is the JDS teachers and the other is Submitted Body / Shephardship.

My question to ya'll is this: Has anyone ever heard of a submitted body group? Dr. Freeman mentions this on a regular basis, but I have never heard of such a group in my 35 years, except when mentioned by Dr. Freeman. Does this group really have any followers out there? HEF made a reference to the "Florida Four," so I assume there is/was some presence down there. Maybe I'm just not up-to-date on weird religious groups.

Just curious.

Thanks!

Duncan
