The snare of covetous quick get rich schemes Col. 3:5 shows us covet is idolatry. Instruments and singing everywhere for money and competition. Heb. 11:26 speaks about forsaking Egypt --the world-- for Christ and his greater riches.

Oh the sweet presence of the Holy Spirit, his love ,care, hope, supply needs etc. It is very rare that I miss a day without praising him with my instruments. Also he talks too me through his word and shows jaw dropping secrets of his wisdom. When used to go go to play nursing homes and share God and his word and see miracles. The people loved it but the nurses wanted to get it over with quickly. Some of them enjoyed it though. God presence was so strong that I asked a nurse while playing praise music if she could feel the presence and she said yes. amazing peace.

false gods are a cheap rip off. Meanwhile God is angry--not good.
