Principalities also reveal the word rule.

Eph. 3:10 a easy word to miss which would less the value here. it is the word known. That word is also reveal. to make known. Now that word makes it a little different. Now we have it saying made known by the church--Assembly, the saints if you please.

Those powers will watch God bring forth manifold wisdom which is not of this world. You would think I was prophesying here. Why ? Well though I know and have seen it, it will be coming forth from the overcomers. It is absolutely amazing. it is a pearl of great price. Come out of the flesh and get into the Spirit.
