We have not spoken since your last post on the board (I believe it was in
Astro-projection thread) and I haven't received an email from you since
then either. I think your last post was March 11 or 12 in the
Non-Resistance thread.

I'll honor your request though, howbeit with a heavy heart and with
sadness.

I'll remove your account & the moderator privileges that are associated
with it as of tonight. I wish you the best in whatever direction Jesus
leads you.

Blessings to you my friend,
William

I have always greatly enjoyed and benefited enormously from reading many of bro. Hombres' posts. He will be missed.

May God bless him in all of his endeavors.

I have a question in the light of the thread you have started:

Did Hombre request that you make his letter of resignation available for public viewing in order to inform the members here of his decision?

If he did, then fine and I am only asking for clarification anyway.

He posted his note openly, and gave it "Announcement Status".

The above note is my reply to his note (which was removed when I removed his account).
