The Government and Liberty University are having many opportunities to make speeches publically. Popularity increases. As a watchman I know something very sobering and have the facts.

Years ago the secret fell into my hands. I am not telling this but as a warning that can save your soul if tempted to go to that university. H.L. Wilmington was Jerry F. President. For the education of the school. I found a for sale book by H.L.W. in a university. It appeared useful. So times later ran across a free borrowing library in a certain church. It was the whole seminary program on tapes. All I remember is it must have been tape 4. In Matt. 12:31 all manner of sin and blasphemy shall be forgiven. But blasphemy of the Holy Spirit shall not be forgiven unto men.

The message was clear for all to reply in their test papers end terms. You must answer the question with (yes the blasphemy of the Holy Spirit is not a problem-- it is okay.) My personal opinion-- That is a antichrist spirit. What a waste to educate and never be forgiven. Wolves in sheep's clothing if you prefer.
