Baby Isabella was born Friday 06/08/12, she was held in the birth canal for an hour before being allowed to come forth. The nurses admitted to the mother that it was wrong and caused damage to the child's brain !

Due to complications during the birth, she could not breath on her own so they installed A trach and a feeding tube. We saw her the next day in the ICU, she was responding well. Hands had been laid on her for healing and Praise and Thanks giving had been offered up To the Lord Jesus !

Sunday 06/10/12, the doctors said Isabella had a stroke, she was limp and not responsive, This was due to the brain damage suffered during the birth ! She was transferred to A special children's hospital in Columbus. According to there report, things were not good!

I asked the mother and grandmother, Who's report will you Believe ? The Word of the Lord or the word of man ? They said we will believe the Report of the Lord !
Praise Jesus !

Wednesday 06/13/12, the doctors called the family together for a special meeting ! They said: Isabella has permanent brain damage, she will need to be on a vent the rest of Her life, she will never be able to breath on her own !

Who's Report will they Believe ? By His strips she is healed !

Yesterday, Saturday 06/16/12, they removed the vent !
Isabella is bright eyed and active (Smile, Smile, Smile !!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!)
This morning they took the feeding tube out and she is eating normally !
They moved her into a regular bed out of ICU!..Praise Jesus !

Have faith in God.

23 For verily I say unto you, That whosoever shall say unto this mountain, Be thou removed, and be thou cast into the sea; and shall not doubt in his heart, but shall believe that those things which he saith shall come to pass; he shall have whatsoever he saith.

24 Therefore I say unto you, What things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them.
