Interesting prophecy. I have also heard news of an earthquake on the fault line near Indiana with the Mississippi flowing backwards. We will see.

In any case, we abide under the shadow of His wings.

Why does everyone have dreams about San Francisco and earthquakes?

There are other parts of the US worse in terms of needing judgement than SF.

'Everyone' doesn't...I've never had a dream about an earthquake or San Francisco, but I did stay in a Holiday Inn Express last night.*

Any suggestions on where judgement is more needed than Sodom and Gomorrah...err, I mean San Francisco,CA. Wait, wait, how about just south of there in Hollywood, CA? Washington, DC certainly wreaks of corruption and sin...No, actually, if God righteously judged America in the form of earthquakes, the whole country deserves His wrath. But judgement IS coming...in what form and when, is the question.(though one could make a very good argument that America is being judged.)

*if you don't 'get' it, don't worry, it's not THAT funny.

You all are too funny!

If you read all the way down, it speaks of an earthquake near me (Kentuckiana). Now, that is not funny.
