Israel faced giants greater in power. They were afraid and said we are grasshoppers. This message is a prophetic one to let us see a future event we will face.

1. Overcomers are likely to have less issues, they will be out of here. But Rev.12 shows us they are coming after us. as a flood. In Isa. 59:19 When the enemy comes in like a flood, the (Spirit of the Lord) will raise a standard--nus-- put to flight-- against him. Wow the robots will be running away from the Holy Spirit in us. Don't forget our commanding words of faith.

2. Yes overcomers who are not ready will be taught to do these things even though left behind from the first rapture. If your like me preparing to go out on the first fruit rapture. Jesus author of my faith have mercy on me.
