a short time before yesterday, I was moved to watch for some rising situations. It is now confirmed to be truth about Islam. Here are a few findings by very knowledgeable resources.

Mecca is a fraud. the millions of people that circle the Kaaba include over 300 religions. That also includes Baal. Remember Elijah and the circle of Baal believers?

Now we have a Islam Mayor in NYC.

The Muslim belief is that all people must die if not worship Allah.

The thing to note is that all these religions go around in a circle and chant Allah and the name of their gods. In unity--like a one world religion.

They found a rock inscription through archeology showing the original building of Mecca was a late date 6-7 years after the black stone. In 8-9 century B.C. also another find is that Allah had a wife found at Petra. the Quran says he had no wife.

I will give a name for Islam and Mecca but only for learning and resources. not to promote the ministry. Dr. Jay Smith. I like his founding work but do not know him well. Use as a learning tool.
