I was listening to some old tapes and entirely by accident I found that prophesy by Hef. I've put an attachment with the prophesy below. To recap what I said earlier.

• I believe that at times • HEF stood in the office of a prophet  
• This prophesy was one of those times  
• Many times in the bible when God spoke he had more in mind and a greater scope than the immediate prophesy suggested. This is the case here.  
• One of the ways God brings his purposes and will to pass in this world from his is prophesy through the office of a prophet • As opposed to simple inspired prophesy from a disciple

What I said was this

• We are living in the end times. The period of the endtimes we are living in is • The time the bridegroom has delayed his coming • Matt. 25/1-13 It says in vs 5 right in context to the return of the Lord that he will delay his coming. We are now in that time.  
• That time started with the giving of this prophesy. Which I believe was the holding back of the war of Gog and Magog. Ezek. 37-39 Never fulfilled and right in context to end times.  
• In the early 1980s Israel invaded Lebanon and to the complete surprise of the entire world found mountains of soviet military equipment. Obviously there in preparation for an invasion. I believe it was there for the war of Gog and Magog.  
• We have all believed for a long time that we are in the endtimes yet where do we see in any significant way Matt 24 & Luke 21 etc. end time events happening.  
• This time • the bridegroom delaying his coming" will end with the going forth of the war of Gog and Magog.  
• I don't believe that war is about to happen but it is definitely on the horizon  
• Following that war end time events will begin to move forward again. Some of my thoughts on that were earlier in the thread

BTW the tape the prophesy is on is "Give me this Mountain" Part of the series on Admonitions in Faith for Overcomers.
