The good news babies go to heaven. God is their creator. Through human instruments. Job 12:10.

Also what happens in God's law is also involved. In Deut.28:18 we have God dealing with the curses for those who reject him. Look at v.15. basket and store would be like a bad day at the grocery store.v.16. You may be wondering, that was the law. Grace is for the believer. curse of law is for the non redeemed.

v.18 cursed shall be the fruit of thy body. If your with child pray for total redeemed child birth. it is your God given right.

barren woman thought they were under a curse and it was a reproach. God gave them babies by their faith-- like Abraham. Gal.3:29 we have that through Jesus now, we are his seed.

Ps. 113:9 This passage shows God makes a woman to be a joyful mother. by having children that is.

Abortion is the curse manifested by, for, and through, people. Salvation and faith in God are the only hope and answer. where Jesus imputes his righteousness, there is no curse. should say war with the enemy who can't have hope of heaven. only saved people.
