When living in Fla. while in a small church band going weekly to a halfway house in Ft. Lauderdale, met many situations there. This one is about a man standing up and telling us his short testimony. I didn't understand how this could be that he was there but he told this to us. As he told it he was crying heavily and still clearly told us he was a hit man in the mafia. He said he was walking on the street and there was a Billy Graham tract on the ground. As he read it he said it spoke directly to him. It seemed to be written to him. He cried and asked Jesus to come into his life and forgive him. He may have had help to get released, but he had us all convinced he was telling the truth. Wow if tracts can be that great let us share them. I have found some in the men room at the stores. I really like Dr. Freeman's tracts.
