Yesterday the Holy Spirit led me to pray for forgiveness about a past issue. It was as he was helping me to pray.

Today while listening to the message ---The call to prepare, end times, by Hobart Freeman, on you tube. half way through it was anointed with a very powerful tongues, which just seemed to come upon me. That means it was God doing it and not me. My body was in full control but the spirit was crying out as though it were tormented. It got tighter and tighter as though the power of God had me in hold. it was hollering in me. Then it left. There was great peace within me.

I am serious about being free and more on the alter for his grace and great things he has for me to bless his wonderful name. Nothing means more to me than going beyond knowing the word so as to walk in his fullness. What awesome life to have experience beyond just knowledge. give me more oil in my lamp and keep me burning keep me burning.
