Has anyone heard of this? What do you all think it means in relation to the Word and end-times?

Someone sent me some info on current affairs. I wasn't sure where to put it so I'll add it in here

Sadly, Mark Twain was right when he warned us just over 100 years ago that America could not

have both empire abroad and democracy at home. To paraphrase his prescient words, by â€œtrampling upon the helpless abroadâ€• with unchecked surveillance, Americans have learned, â€œby a natural process, to endure with apathy the like at home.â€•

That was from this article

I noticed Glenn Beck has a book out on this called Agenda 21, I think its his new fiction novel.

Glenn Beck is big into politics and is a professed Mormon. I would be leery of anything he is promoting to the public.
