I was a member of the Toronto group in the early 80's. We met at the family home of Pastor and Mrs. Allan Tomlinson. I am hoping to get back in touch with the members of my former church.

I would like to know where all of you are, and what you all have been doing.

I am also wondering if anyone knows of an assembly that worships as we all once did.

Please write.

Sean O'Connor

I was part of the Haysville group. Allen Tomlinson came and taught here several times and we met with your group several times as well. As far as I am aware there are no other groups that believe like we did in Ontario. We used to have a meeting in Mississauga (mid nineties) with a minister from FA but that fell apart. There are several of us in the Kitchener area that are looking to the Lord to see something happen here. There is also one sister in Mississauga.

Do you remember the Harps? they are the only ones I remember from the TO church.

I'm not really sure what you are looking for but you're welcome to get hold of me. If you're still interested in the faith message I'd be happy to talk get together encourage whatever.

I'm (was) part of the Grand Centre/Cold Lake, Alberta group. Sadly it has disintegrated and now one of the main players in forming the Body there, Fred & Betty Marshall have decided to leave and moving to Edmonton, three hours west. (Aug 18/07).

They have been there for 39 years. Told them to wait one more so it sounds more scriptural

Can't say I am happy to see them move as they were the 'pillars' there so to speak. Not so much with Faith Assembly, but just being hospitable and humble towards the things of God.

It is sad to see how the Body up there has gone apart. Is this the fruit of what went on? Are we reaping all the years of prayer and fasting?

God is God, but I can't help thinking something is in the air.

I know this may mean nothing to you folks, but to me it is like an era coming to end, or closing a chapter in my life. Something like when your parents move away from the house you grew up in.

Life goes on.
