I have no problem with the details in this document. Jesus did many healing's that were not recorded in the Gospels. Mark even states that it would be impossible to write everything Jesus did as it would fill volumes of books.

Of course everyone can come to their own conclusions here.

"And there are also many other things which Jesus did, the which, if they should be written every one, I suppose that even the world itself could not contain the books that should be written. Amen." John 21:25

I don't know if these documents are real or not, it doesn't influence me one way or the other, but it is possible that new information discovered could plant a seed within the heart of a nonbeliever that would cause them to pick up a Bible and start reading with renewed interest, and be lead to faith in Jesus Christ as their Lord and Saviour.

I just noticed this. Very interesting. Doesn't affect our faith one way or another but again very

interesting.
